SUSTAINABILITY
GOING WHERE NOONE ELSE HAS GONE.

#dorightdogood

We have a philosophy that tasty food should still be sustainable food. By working on multiple forefronts of sourcing and sustainability efforts, we have found it’s about what we cook, how we cook it and how we eat it.

Food For Thought continuously works to provide you with the freshest, most sustainable and wholesome foods across our range of services.

We are proud to be the first Chicago Caterer to earn a Green Seal certification, based on purchase of sustainably-sourced food, waste minimization, use of verified environmentally-preferable products, and conservation of energy and water.
